Dear Colleagues!

Ternopil Ivan Puluj National Technical University is pleased to host International Scientific Conference “Teaching and learning of international students in Ukraine. Challenges and perspectives”. We look forward to meeting academics and researchers who want to explore and expand the farther horizons of this dynamic subject with us.

Conference Program Overview

1. Regulatory and legal ensuring and international education standards in Ukraine:
   - organization of foreign citizens enrolment and admission for education in the higher educational establishments;
   - regulations of foreign citizens residence and registration on the territory of Ukraine;
   - peculiarities of recognition of foreign citizens documents on education in Ukraine;
   - peculiarities of educational systems of Europe, Asia and Africa.

2. Internationalization of Higher Education and Its Impact to the Ukrainian Educational System: Opportunities and Challenges:
   - Changing global norms and risks in higher educational system;
   - Increasing demands of competitive educational requirements;
   - New methods of teaching and training;
   - I-Tech class rooms and space for social media;
   - Need of student-centered education;

3. Organization of educational process for international students, theoretical and applied aspects:
   - peculiarities of international students educational process;
   - the role of informational technologies in teaching international students fundamental and professionally-oriented subjects;
   - peculiarities of teaching academic subjects in English;
   - methods of teaching Ukrainian as foreign language;
   - organisational and methodological aspects of international students part-time learning.

4. International students adaptation:
   - development of the human values and international mutual respect;
   - organizational and educative activities for adaptation of international students from different regions of the world;
   - Ukraine national traditions as means of international students language adaptation.
